WILL RESUME WORK

Indiana Block Coal Miners Voted to Discontinue the Strike.

At Yesterday's Mass Convention Near Brazil They Agreed to Accept the Columbus Scale.

CONCESSIONS BY OPERATORS

Adams Commended by Ohio Miners for Not Signing the Scale.

Hungarians and Italians at Punxsutawney Arming and Preparing to Fight Deputies on Guard at Mines.

Special to the Indianapolis Journal. BRAZIL, Ind., June 20.-The miners of Clay county to-day decided to return to work if the operators grant one slight concession. At 10 o'clock this morning a mass meeting of over two thousand strikers was held in a grove just north of the city. Some time was spent in a heated debate, the miners of the north end of the county being to a man in favor of continuing the strike, in hopes of securing the old scale. It was finally decided, however, to accept the Columbus scale, providing the operators would pay 5 cents per ton extra for mining coal under three feet and one inch and over two feet and a half-the same provisions as were made in last year's scale.

A committee of miners was selected to meet the block coal operators this after-The session was very short, as the operators conceded the miners' demands. The committee reported to the convention, which held another meeting this afternoon, and the report was approved, even by the radicals. The men, it is understood, will resume work at once, and to-morrow morning every mine in the county will doubtless be in operation.

In Sullivan County. SULLIVAN, Ind., June 20 .- The fears of those who expected trouble as a result of the miners' strike in this section have apparently been allayed. But one disturbance has arisen in the past twenty-four hours. This was at Star City last night, where about two dozen men approached others who had returned to work and made threats of violence. President Harder, of the Mining Company, was on the scene, and he warned the disorderly element that all must return immediately or vacate the company's houses and lose credit at the company's stores. The result of this dicwas that all but rive returned to work this morning.

The miners of Currysville have reconsid ered their action of yesterday and this The Shelburn morning went to work. mines, it is thought, will resume in a few days, and at Alum Cave, where the foreign element predominates, and at which point most of the trouble was centered, it is stated the men will accept the compromis scale offered within the next two days.

Little Mines Closed Again. Special to the Indianapolis Journal. PETERSBURG, Ind., June 20.-The Little coal mines have again closed down, after a run of only a few days. The operators of the mines thought best to close the mines until the strike was permanently settled. It is not probable that the mines will again be put in operation until all the mines of the State resume

GOTHAM'S FAMINE OVER.

Plenty of Coal at New York Causes a Decline in Prices. NEW YORK, June 20 .- When the coal strike first began to assume serious proportions several large operators in this city, fearing that they would not have coal enough to enable them to fill the? contracts, ordered from abroad, England, Wales and Nova Scotla being the principal sources of supply which they sought. Within the short space of ten days some eighty thousand tons were thus ordered. This was fully four weeks ago and of this eighty thousand tons there are yet to arrive about twenty thousand tons. Some steampship companies have also been importing coal at their own risk as a matter of speculation, and are said to have done fairly well at it. At present, however, no more foreign contracts are being made, for the strike seems to be tending toward a settlement, and bituminpus coal is arriving from West Virginia at the rate of seventy to eighty cars per day. From the Cumberland section coar is also arriving freely, and as the Pennsylvania Railroad Company has released large quantities that have been sidetracked along its line and brought it down to the tidewater it looks as if the worst of the famine was over. Last week coal was selling as high as \$6 per ton, but it was offered here yesterday at \$4.50 per

Warlike at Punxsutawney. PUNXSUTAWNEY, Pa., June 20.-The attitude of the Huns and Italians at Walston is hourly growing more alarming. Today they were in town buying ilrearms, cartridges and other ammunition, and have purchased all the marbles they could find with which to load their cannons. They are keeping a sharp lookout for guards and new men. Grave fears are entertained that when the guards arrive there will be one of the bloodiest battles ever fought in the coal regions, involving great loss of life and property. All of the Englishspeaking miners who can are slipping away from Walston and coming here with their families for protection.

Violence Near Scottdale. SCOTTDALE, Pa., June 20.-Large mobs of strikers have surrounded the coke works at Mammoth and Tarrs. The men are in an ugly mood and are making threats against the workmen, but have been deterred from violence by the deputies on guard at both places, Eleven men, eight women and fourteen children were placed in fall at Greensburg to-day, charged with rioting at Mammoth yesterday. The strikers at Bessemer, hearing that negroes were to be imported, returned to work in a body to-day. The negroes were then sent to the Lemont works, and that plant is now in

Action of Ohio Miners. COLUMBUS, O., June 20 .- The State coal miners' convention, in executive session, adopted a resolution by a two-thirds affirmative vote, condemning the national officers for signing a compromise with conditions, alleging that such authority was not delegated to the national officers by Cleveland convention. State President Adams was commended for not signing the Columbus agreement. The Massillon miners who were out for a differential before the late strike was ordered, were

encouraged to fight it out. In the Fourth Pool. PITTSBURG, June 20 .- Six mines in the fourth pool resumed to-day at the Columbus agreement, and four others will probably start before the end of the week. This will leave but two prominent operators in the fourth pool who still refuse to treat with the men. The miners at Manown and along Miller's run also went to work today. It is thought that nearly all the mines in the district will be in operation by the middle of next week.

Returning to Work in Kentucky. LOUISVILLE, Ky., June 20 .- The miners on strike in the mines on the Owensboro division of the Louisville & Nashville road have signified their intention of returning to work, and the mines in the whole district are expected to be in operation by next week. The miners at the Hamilton mines went to work to-day, thus putting in operation the second of the two largest mines in this district.

Ohio Militia Sent Home. MASSILLON, O., June 20 .- The Fifth Regiment has been ordered to break camp Thursday morning, leaving the Ohio mining regions entirely without military pro-

Eight Mines to Be Opened. SPRINGFIELD, Ill., June 20.-Eight mines will resume here next week at various scales. Some compromised, others acceded to the men's demands. The co-operative mines will resume first.

HER LARGEST CLASS

COMMENCEMENT EXERCISES AT THE STATE UNIVERSITY.

Address by President Harper, of Chicago University-Wabash College Graduates Twenty-Seven.

Special to the Indianapolis Journal. BLOOMINGTON, Ind., June 20 .- The most successful commencement of Indiana University closed to-day with the largest graduating class in the history of the institution. All week there has been a large attendance at each of the performances and to-day the chapel was crowded to hear the final exercises. The annual address was given by President Harper, of Chicago,

who took for his topic a "System in Edu-

cation." President Swain delivered the di-

plomas with the following degrees:

B. A.-Margaret A. Roberts, Edward Saunders, Munson Atwater, Estelle Dalton, Estelle Emison, Charlotte Malotte, Louise Rogers, Alberta Perry, A. D. Batchelor, W. D. Crow, Tillie Feibaum, U. J. Griffith, Lolia F. Hamilton, George M. Howe, Roy H. Perring, George Schaerger, Emma B. Stevenson, Arnold Tschudy, H. E. Cobentz, Hattie Cochran, Martha Dorsey, Louise A. Goodbody, Charles S. Tnomas, Frank O. Beck, Romulus Boyd, W. T. Brown, J. M. Callahan, Bertha Freese, Alice L. Green, A. T. Gordon, Will H. Kelley, Robert E. Leatherrock, P. A. Yoder, Lewis C. Conn, W. D. Milroy, Ila J. Ramsey, Arthur Hieronymous, Junus W. Knipp, Mary W. Lindley, Willa McMahan, H. O. Pitcher, John A. Shafer, Thurston Smith, W. E. Hottel, S. W. Kann, Richard Miller, William M. Waldsenmidt, Eli Zaring, B. B. Berry, John J. Boyle, W. B. Brown, J. C. Bush, W. E. Clapham, W. J. Cushman, J. L. Harter, L. W. Dinsmore, F. C. Duncan, Otto Geckler, W. F. Headley, Linnaeus Hines, Arda Knox, Eva Lewis, Robert McDill, J. M. randes, C. J. Waits, Joe l'. Giles, C. T. Knipp, W. O. Hiatt, W. J. Moenkhaus, O. B. Zell, Amos W. Butler, Frank M. Andrews, Mrs. B. A. Headley, Mark P. Heim, C. C. Lemon, George L.

B. L.-Edward G. Adank, Otto T. Cailor, Frank A. Crooke, Frank C. Dailey, George B. Davis, Charles L. Fieshman, James W. Fortune, Finley Geiger, John W. Kelly, Ernst R. Odle, William Reister, Grant Gould Rheuby, Thomas J. Sare, Charles B. Shimer, William H. Stout, Lewis Taylor, Kerr Traylor, Mary Van Nuys, C. C. Ut-

M. A.-Emma R. Clark, James Henry Hamilton, C. C. Krauskoff, Elizabeth Middleton, Grace Helen Woodburn, Calvin S. Hoover, Ernest H. Lindley, Bertha Hawkins, Mrs. A. R. Hornbrook, S. C. Phipps, Frederick C. Test.

The society of the alumni is enjoying one

of the most interesting reunions in the history of Indiana University. At the annual dinner over two hundred plates were laid, and the toasts and responses were unusually appropriate to the occasion. Judge R. W. Miers acted as toastmaster and the responses were as follows: Dr. "Outlook of the University;" Judge Frank E. Hunter, class '79, "Fifteen Years Out;" Prof. Will Rawles, class '84, "The University Man in the State;" O. E. Bradfute, class '84, "Ohioans from Indiana University;" John R. Brill, class '89, "The Fifth Milestone;" William Reister, law class '94, "The American Lawyer;" Dick Miller, class '94, "Class '94." The business meeting of the alumni was very interesting, and the attendance was large. Mrs. Lena Beck, Edwin Corr and George Bollenbacher were the persons nominated as candidates for trustee. The result was in favor of Edwin Corr, by a majority of 106 on the first ballot, the votes being as follows: Corr, 249; Mrs. Beck, 55, and Bollenbacher, 88. The committee on nominations for next

year was Capt. J. D. Alexander, J. W. Fesler and Professor Dye. The nominees were unanimously elected as follows: President, W. P. Rogers; vice president, Miss Eliza-beth Hughes; secretaries, Misses Ida Manley and Sophia Sheeks; treasurer, B. F. Adams, jr. The executive committee for next year is composed of T. J. Louden, Mrs. J. K. Beck, Miss Louise Maxwell, E. P. Bicknell and Ernest Lindley. The orator chosen for next year is Hon. George D. Wise, of Virginia, and the alternates are Congressmen W. W. Springer, of Illinois, and R. R. Hitt, of the same State. The report of Treasurer Adams showed a balance in the treasury of \$108.04. Edwin Corr. who was re-elected alumni trustee, is now serving in that capacity, and is a graduate of the class of 1887. He is at present assistant United States attorney under Mr. Burke, During the term just closing he has been secretary of the board and has been a faithful trustee. He lives in this

The annual address was given by Clarence L. Goodwin, of Dunlo, Pa., a member of the class of 1883, and, at one time, connected with the Indianapolis press. Mr. Goodwin was favored with a very large audience and his address is acknowledged as one of the strongest ever given here. He talked on "The Duty of the Citizen Towards Corruption in Municipal Politics."

AT WABASH COLLEGE.

President Burroughs Presents Diplomas to Twenty-Seven Seniors.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., June 20.-The commencement day exercises of Wabash College were held this morning at Music Hall, and this evening President Burroughs and Mrs. Burroughs held a reception at Yandes's Library Hall. The senior hop was given last week, instead of having it this evening, as in former years. The commencement address before the senior class this morning was delivered by Rev. F. A. Noble, of Chicago, on "The Conditions of a Good Success in Life." At the close of the address President Burroughs presented each senior with his diploma. The twentyseven new alumni are as follows:

Willis O. Augustus, Paris, Ill.; Harry E. Bard, Crawfordsville; Homer D. Bowers, Alamo; Herbert H. Bushnell, Concordia, Kan.; Charles A. Cloud, Chili; William F. Fry, Crawfordsville; James C. Fullenwider, Shelbyville, Ky.; Cassius M. C. Gentry. Aroma; Lyman M. Gentry, Aroma; James A. Harding, Crawfordsville; Henry B. Hostetter, Crawfordsville; Robert M. Johns, Sedalia, Mo.; Charles S. Little, Evansville; John A. Little, Logansport; William P. Mc-Closkey, Darlington; John A. McKee, Remington; Samuel W. Malone, Eugene; Geo. E. Mayhew, Red Bluff, Cal.; John V. S. Milligan, Wayeland; George L. Moore, in Milligan, Waveland; George L. Moore, jr., Indianapolis; Harry N. Mount, Shannon-dale; Robert R. Ragan, Neoga, Ill.; Fred M. Shanklin, Crawfordsville; Clarence D. Stevens, Vevay; Andrew J. Stott, Princeton; William A. Swank, Crawfordsville Harvey E. Wynekoop, Wolcott. The postgraduates this year are as follows: James Armstrong, '93; Marion W. Baker, '92 Albert S. Gaiey, '93; R. Edward Harris, '87; Perry L. Martin, Butler, '91; Henry L. Starr, '93; J. Chauncey Van Nuys, '93. The following prizes and degrees have been awarded by the trustees: A .- Charles McCabe, Covington; W. A. Caldwell and G. B. May.

B. S .- P. S. Martin, city Gould Prize in Biblical Literature-J. A B. Ph.-C. D. Stevenson, Fowler Hume Fellowship in English-Clarence D. Stevenson.

B. A.-Senior Mayhew. President Burroughs announced that during the present year a building will be erected for a physiological and botanical laboratory, the gift of the Hon. S. P. Williams, of Lima. The degree of bachelor of arts was given to Bard, Bushnell, Cloud, Fry, Fultenwider, Little (Evansville), McKee, Maynew and Mount. The degree of bachelor of science to Augustus, Bowers, Gentry, Brothers, Harding, Hostetter, Johns, Little (Logansport), McClaskey, Malone, Milligan, Moore, Ragan, Shanklin, Stott, Swank and Wyne-

Class Address by Henry Watterson.

Special to the Indianapolis Journal. MUNCIE, Ind., June 20. - The largest class that ever graduated from the Muncie High School received diplomas to-night at the Wysor Grand Opera House, where the commencement exercises were conducted this morning and evening in the presence of large audiences. The class was composed of twenty-four girls and eight boys. The graduates abandoned the idea of each one presenting his or her subject to the audience, and instead gave a musical and literary programme at 10 o'clock this morning. At least 1,400 persons were at the opera-house to-night to hear Hon. Henry Watterson, of Louisville, in his lecture, "Money and Morals." In part Mr. Watterson said: "I have much more respect for character here and will remain until the pos- | than for money. Guard your character

sibility of a new outbreak is certainly removed. The Wheeling & Lake Erie mines are now producing one hundred cars of are dangerous in morals and money, the are dangerous in morals and money, the one being the escape of men with money without the moral right to it, the other the place for men with neither money nor morals. Money is a relative term as a man with a million dollars feels as a pauper beside one with a hundred millions and often feels worse off than a poor man who wants his dinner; and yet money is the pivot about which all things revolve. Switzerland is the poorest nation in Europe, but the happiest, and they are people with ideal Jeffersonian democracy, and the advancement to higher moral standing instead of to a higher money standard is this nation's hope."

The following are the names of the graduates: May E. Fullhart, Mark D. Garrett, George D. Shafer, Miriam King, Grace Gayman, Stella A. Cunningham, John L. Morin, Harriet J. McClellan, Lela Kern, Frances E. Watt, Mima A. Keener, Maybelle Batey, Frances M. Jones, Pearl I. Hager, E. May Hinkle, Nettie Cochran, Mary E. Fletcher, Roy L. Whitney, Clara Koons, Nina C. Thomas, Frank M. Hinkle, Frederick F. McClellan, Blanche P. Johnston, Julia E. Wilson, Jessie T. Darnall, Lera R. Maddy, Will M. Hedrick, Ida Estella Jacobs, Reba Richey, Louis E. Bloom, Minnie B. Netzley, Mary E.

TRIPLE ALLIANCE

PROPOSED FEDERATION OF THREE BIG ORGANIZATIONS.

Eugene Debs Says the A. R. U., the K. of L. and the F. M. B. A. Are Preparing to Combine.

CHICAGO, June 20 .- President Debs, of the American Railway Union, said to-day that steps will soon be taken to form a triple alliance between the Knights of Labor, American Railway Union and the Farmers' Alliance. The triple alliance thus formed will control, he said, about 1,500,000 men. A convention under the auspices of the Illinois State Federation of Labor will be held at Springfield, Ill., July 2, 3 and 4, and then the proposed union will probably be effected. President Debs stated that there is little doubt tlat the alliance will be effected without opposition. The platform which will probably be adopted at the Springfield convention will contain the following planks: Compulsory education; direct legislation for the laborers; a legal eight-hour work day; sanitary inspection of workshop, mine and home; liability of employers for injury to health, body or life; abolition of the contract system in all public work and the abolition of the sweating system; municipal ownership of street cars and gas and electric-light plants for public distribution of heat, light and power; national ownership of telegraphs, telephones, railroads and mines, the collective ownership by the people of all means of production and distribution; the principle of referendum in all legislation.

To-day's sessions were executive ones and devoted to the adoption of the new constitution. The delegates had voted to elect officers in convention instead of through the directors, but this plan President Debs stoutly opposed. He asserted that unless the decision be reconsidered he would refuse a re-election as president, as the plan gave the presiding officer absolute power, and finally succeeded in securing an almost unanimous vote for an election by directors.

Sheet Iron Workers May Strike. PITTSBURG, June 20.-The determined attitude of the sheet-iron manufacturers and workmen in regard to the scale gives rise to the belief that there will be a suspension of work on July 1, which will affect about twelve thousand workers. Another conference is to be held, but neither side is hopeful of an amicable adjustment of the differences which exist. With a strike threatening in the sheet trade comes the report that Jones & Laughlins will refuse to recognize the Amalgamated Assoclation in the future. It is said that General Manager King made the above state-ment, but Mr. B. F. Jones refused to confirm or deny the report. There are about 3,700 men employed at the mill.

Must Not Join the Militia. CINCINNATI, O., June 20 .- The Patternmakers' League, at to-day's session, adopted a resolution requesting all members of this league, as well as all other labor organizations, to keep out of the State militia or National Guards, it being the opinion of the meeting that these military organizations are merely to protect the capitalists, and are not beneficial in any way to the workingman. It was also resolved to not discuss politics on party lines, but to see that the labor vote is cast for the benefit of labor interests.

Iron Ore Miners on Strike. IRONWOOD, Mich., June 20 .- Two thousand Gogebic range miners, comprising all the forces at the Norrie, Aurora, Pabst. Newport and East Norrie mines, went out on strike to-day. The unionists assembled early, marched to the mines and persuaded the nonunion men to quit work.

HARRY HILL'S EXPERIENCE.

He Paid New York's Police Vampires \$3,000 for Running a Resort.

NEW YORK, June 20 .- Before the Lexow committee, to-day, old Harry Hill related his experiences in negotiating with the police for protection in his sporting and variety resort. The old man has been in retirement for several years, but he has a good memory of the money payments he made to Captain Murphy through his ward man, Jimmie Moran. Once when Hill was sick in bed Moran forced his way to the room and demanded \$900. Hill said he paid \$3,000 for running his place in Harlem. Mr. Goff, being asked by a reporter whether he had ever made any calculation as to the total amount of tribute collected yearly by the police for protection, replied: "No. I have not. I suppose, though, I might come to a very close estimate if I had time to figure it out. Take the eleventh precinct, for instance. Most of our testimony thus far has related to that precinct, which is one of the poorest in the city. At the ridiculously low estimate of fifty disorderly houses there the protection fund from that source alone, according to the testimony we have heard, would amount to more than \$60,000 a year.

The average annual income of a police captain, according to lawyer Jerome, is not far short of \$50,000. In addition to this amount, which is extorted from victims in the precinct, there is the additional money collected by the captain's subordinates for their own private uses. It seems to be the prevailing idea about town that the entire amount of blackmail going into police pockets every year is more than \$10,000,000.

OFF FOR GREENLAND.

The Peary Auxiliary Expedition Starts from New York.

BROOKLYN, N. Y., June 20 .- The Peary auxiliary expedition on board the steamer Portia left the pier, South Brooklyn, this afternoon. The expedition is headed by Henry G. Bryant, the youngest man who ever attempted to lead a band of explorers into the the far north, and is composed of the following: Prof. William Libbey, jr., professor of physical geography and histology at Princeton University, geographer; Prof. T. C. Chamberlain, professor of geology at the University of Chicago, geolo-Dr. Axelohin, of Sweden, zoologist; F. Wetherill, of Philadelphia, surgeon; Mr. H. L. Bridgeman, of Brook-lyn, taxidermist; Mr. Emil Diebetsch, civil engineer, of Port Royal, S. C., who is Mrs. Peary's brother. They expect to reach St. Johns, N. F., on the 26th inst., to sail thénce on the sealing steamer Falcon; on July 4, to sojourn at Peary's headquarters in Bowdoin bay; on the night of July 25, then, if the safety of Lieutenant Peary is measurably guaranteed, to leave the supplies needed and at once explore for cartographical purposs the shore of Ellesmere island, incidentally searching for the lost naturalists Bjerling and Kallstenius, stop-ping on Sept. 1 to take up Licutenant Peary and his party and bring them to this city about Sept. 20.

Economy and Strength. Valuable vegetable remedies are used in the preparation of Hood's Sarsaparilla in such a peculiar manner as to retain the full medicinal value of every ingredient. Thus Hood's Sarsaparilla combines economy and strength and is the only remedy of which "100 Doses One Dollar" is true. Be sure to get Hood's.

Hood's Pills do not purge, pain or gripe, but act promptly, easily and efficiently.

National Treasury Gold Reserve Lower Than Ever Before.

New York Banks Did Not Furnish the Amount Required Yesterday for Shipment Abroad, as Carlisle Expected.

SUGAR TRUST INVESTIGATION

Senate Committee Has Probably Concluded Its Inquiry.

Three Reports Likely to Be Presented-Union Pacific Refunding Bill and Other Legislative Matters.

WASHINGTON, June 20 .- The gold reserve to-day, after deducting the \$2,250,000 engaged for shipment to-morrow, is \$64,703,-047, or \$735,330 lower than ever before in its history. On Feb. 2, 1894, just previous to the bond issue, the reserve reached \$65,438,-377, the lowest point up to that time, and the cash balance was \$83,745,102. The cash balance to-day is \$115,263,715, or \$31,518,613 greater than on Feb. 1.

To-day's engagements of gold for shipment to-morrow were unexpectedly large, and the treasury officials were somewhat surprised that the amount was not furnished by the New York banks under yesterday's agreement. It is understood, however, that the banks will to-morrow make good to the subtreasury the amount taken to-day, the explanation being that the banks were not prepared to count and box the large amount required on so short potice. The treasury officials are apparently not alarmed at the continued outflow of gold. The July interest payments abroad, the large amount being required by the large army of American tourists now moving toward Europe, and possibly the withdrawal of European capital which has not found satisfactory investment here are thought to be some of the causes of the present demand for gold. Previous experience seems to warrant the belief that within a very short time the tide will have turned and the gold flow back again. During June 3, last year, the net exports of gold were only \$1,701,544, while July showed a balance of imports of \$5,776,401. In August the imports exceeded the exports by over \$40,000,000. It is, therefore, confidently believed that by July 1 the gold exports will have nearly or quite ceased. That there is no lack of gold in the country is shown by the last national bank statement, which shows that on May 4, 1894, the national banks of the United States held specie to the amount of \$259.941,923, of which over \$204,000,000 was in gold coin and gold certificates. The treasury receipts so far this month aggregate \$286,877,632, and the expenditures \$361,151,337, leaving a deficit for the year up to this time of \$74,273,705.

Fear a Premium on Gold. CINCINNATI, June 20 .- The bankers and capitalists of the Board of Trade are exercised over a circular letter from D. N. Morgan, United States Treasurer, directing the subtreasury to secure all gold possible here, and asking the banks and others to exchange gold in sums of \$1,000 and multiples for new paper currency. The Ohio Valley Bank had promised the subtreasury \$50,000 of gold to-day, but the prospect of a premium on gold renders it doubtful whether any coin will be released here. Thomas Emery, one of the largest investors here, has for some time made all his contracts payable in gold, and others today state they propose to adopt the same

SUGAR TRUST INQUIRY.

Testimony Probably All In-Senator Mitchell Not a Speculator. WASHINGTON, June 20 .- Senator Mitch-

ell, of Oregon, who was absent from the city last week when the Senators were examined by the Senate Sugar Trust investigating committee, went before the committee to-day and made reply to the committee questions concerning speculation in and ownership of sugar stock. He answered all the questions in the negative, saying he had not bought, sold or owned any of the stock and that no one connected with his family, to his knowledge, had done so. It is possible that the committee will have

no more witnesses before it and that the final report of the committee will be made next week. The report, however, will be withheld for the present in order that the committee may be in position to examine other witnesses in case any should be suggested. The committee has had before it all the persons whose names have been suggested, including the authors of the newspaper charges, all the United States Senators not absent from the city, Secretary Carlisle, the principal officers of the Sugar Trust and others interested in refined sugar. the brokers through whom it was charged Senators had speculated in sugar stock during the pendency of the present tariff bill, two members of the House of Representatives, whose names have not been mentioned in connection with sugar legislation and speculation, and the man who was reported to have heard the conversation at the Arlington Hotel between Senators and members of the trust.

"We have," said Senator Lodge, to-day, "examined all whose names have been mentioned, but if there are others who can give us information we should like to have their names, that they may be called to testify. We want all the light on the subject that it is possible to obtain, but I should say that if no other witnesses are suggested, and I know of no others, we shall soon be ready to report." It is generally believed that there will be two, if not three, reports on certain feat-ures of the investigation. Senators Gray and Lindsay are expected to unite in one, and Senators Davis and Lodge in another. while it is uncertain whether Senator Allen will join with the Republican Senators or put in an independent report of his own. All the members will probably be united in whatever may be said concerning speculation by Senators. Senators Gray and Lindsay have been engaged to-day in looking up law and precedents for their proposed minority report to the Senate in the case of Messrs. Havemyer and Searles. Contrary to expectation, the grand jury adjourned to-day until to-morrow without presenting an indictment against Messrs. Edwards, Shriver or Chapman, the recal-citrant witnesses certified by the Senate

THE SOLDIERS' SUNDAY.

bribery investigating committee.

Uncle Sam's Warriers Not Compelled to Work on the Holy Day. WASHINGTON, June 20 .- A story com-

ing from Omaha, Neb., to the effect that Charles Cederquis, a private in the Second Infantry, is under arrest, awaiting courtmartial, for refusal to participate in the target practice on Sunday, met with a very prompt denial at the War Department today. The officers say that the man bas undoubtedly assigned a false reason for his arrest, as target practice on Sunday is unheard of in the army and would be directly in violation of the army regulations. The United States soldier has always been exempt from any unnecessary toil on Sunday, and in this respect has much the advantage of European soldiers. Even in time of war this rule has been observed whenever practicable, and during our late civil war President Lincoln, quoting from the words of Washington, made a general order enjoining the orderly observance of the Sabbath on officers and men of the army and navy. That spirit of this order pervades this case. President Lincoln in his order said: "The importance to man and beast of the prescribed weekly rest, the sacred rights of Christian soldiers and sailors, a becoming deference to the best sentiment of a Christian people, and a due regard for the divine will demand that Sunday labor in the army 2nd navy be reduced to the measure of strict necessity." The rule thus laid down has governed the rmy from Lincoln's time, and about all of labor that remained was the necessary guard mount and the daily inspection.
One of the first acts of President Harri-

son was to reduce the latter to a mere perfunctory form by a general order di-recting that the complete inspection under arms be held on Saturdays and that the Sunday inspection be merely of dress and general appearance.

THE UNION PACIFIC DEBT. Reilly's Funding Bill Commended by

Ex-Governor Hoadly. WASHINGTON, June 20 .- Ex-Governor Hoadly, the government special counsel in the Union Pacific road receivership, held a consultation with the House committee on Pacific roads to-day. Those features of the pending bill relating to the reorganization of the Union Pacific made necessary by the present status of the corporation in the hands of receivers were discussed. The Reilly funding bill incorporates the features of Attorney-general Olney's plan in this respect. Governor Hoadly stated that Mr. Olney's plan was the outcome of conferences between the Attorney-general, himself, the representatives of the company and the reorganization committee. The Reilly bill was commended by Gov. Hoadly as the most practicable solution of the financial relations between the government and the Union Pacific, and one which would protect the rights of all interested parties. Questions upon legal points were asked by members of the committee. An amendment met with favor which provides that in case it becomes necessary for the government to foreclose the tore-closure shall be made on the entire prop-

LIVE STOCK BOARDS.

WASHINGTON, June 20 .- The principal

Representatives Discuss Cattle Diseases and Elect Officers.

opic of discussion at to-day's meeting of representatives of live stock boards was based on a paper prepared by Dr. J. H. Kellogg, of Battle Creek, Mich., on the subject of tuberculosis. Mr. Trumbower, of Illinois, read a paper entitled "What Shall We Do with Tuberculosis Cattle?" The committee on permanent organization recommended the formation of a national live stock sanitary association to be composed of a representative of the Bureau of Animal Industry of the Agricultural Department, members of the different State live stock sanitary boards and commissioners, State veterinarians and other State officials, having supervision of the diseases of live stock. The report was adopted and a permanent organization effected by the election of the following of-ficers: President, J. A. Potts, of Missouri; vice president, Dr. Robert Ward, of Mary-land; secretary, A. M. Brownlee, of Illinois. These officers constitute an executive committee to which was left the duty or choosing the time for holding the next meting, which will be held at Chicago. A committee of five on constitution and bylaws was appointed as follows: Messrs. Potts, Missouri; Ward, Maryland; Brownlee, Illinois; Lyman, Massachusetts, and Hinds, of Michigan. The organization is to meet annually.

Fighting an Appropriation.

Special to the Indianapolis Journal. WASHINGTON, June 20 .- Representative Brookshire will lead the opposition to the bill appropriating \$200,000 for the Atlanta exposition. Mr. Livingston, of Georgia, the author of the measure, is a member of the appropriations committee and has announced his intention to call the bill up next week if possible. Mr. Brookshire wrote the minority report against the bill and was joined by Mr. Sayres, the chairman of the committee, and Messrs. Washington, of Tennessee, and Williams, of Illinois. The committee gives as reasons for opposing the measure the poverty of the treasury, the unconstitutionality of such appropriations and the crude and undeveloped state of the entire project. Mr. Williams, being from Illinois, has not forgotten the conduct of Georgia towards the Chicago fair. Mr. Brookshire will make a hard fight against the bill.

Appointments to Office. WASHINGTON, June 20 .- The President to-day sent the following nominations to the Senate: William D. Bigler, of Pennsylvania, to be Assistant Treasurer of the United States at Philadelphia; Shepard G. Young, of Pennsylvania, to be assistant appraiser of merchandise in the district of Philadelphia; Christiana Schaefer, of West Virginia, to be surveyor of customs for the port of Wheeling. W. Va.

The Senate in executive session to-day confirmed the following nominations: Franklin G. Holbrook, to be postniaster at Minneapolis; John B. Gosman, of Georgia to be consulted to the United States at gia, to be consul of the United States at Matamoras, Mexico, and James D. Casey, to be postmaster at Ligonier, Ind.

The Anti-Option Bill. WASHINGTON, June 20.-The anti-option bill occupied the attention of the House all day, and an agreement was made that debate should close at adjournment to-morrow and a vote be taken on the bill Friday morning, after the morning hour. Speeches were made against the bill by Representa-tives Goldzier, Walker and Harter, while Mr. Richardson spoke in favor of it. The Speaker was still confined to his room by sickness, Mr. Bailey performing the duties

of Speaker pro tem. Sill's Evidence Concluded.

WASHINGTON, June 26 -C. E. Sill's evidence of armor-plate frauds was concluded before the investigating committee to-day. Chairman Cummings expects to have Chas. H. Craig, one of Sill's fellow-workmen at the Carnegie works, as the next witness, Sill and Craig are the two men who made the original disclosures.

General Notes.

Special to the Indianapolis Journal. WASHINGTON, June 20 .- Editor Shanklin was given the cold comfort of a personal interview by the President before starting for home to-day.

All the Democratic members of the Indiana delegation, except Mr. Bynum, are expected to vote for the anti-option bill. Mrs. Abby Wade Dudley, wife of Rev. John Dudley, and mother of Hon. William Wade Dudley, formerly of Richmond, died yesterday and was burled to-day. The Controller of the Currency has approved the following changes of reserve agents: For the Capital National Bank, Indianapolis, American National Bank, Louisville; for the South Bend National Bank, South Bend, First National Bank, Chicago: for the First National Bank, Vernon, American National Bank, Louisville: for the First National Bank, Vevay, the American National Bank, Louisville The President has appointed Frank Mc-

Copy postmaster at San Francisco. A large number of complaints of passage of obscene matter from foreign countries in the United States mails have been reat the Postoffice Department. France, Hungary and Germany are thought to be the principal countries from which obscene articles originate, and the matter has been brought to the attention of Postmaster-general Bissell, who has issued an order that will result in the return of the articles to the countries forwarding them. Senator Manderson to-day introduced a bill extending until July 1, this year, the provisions of the act of March 2, 1889, providing for the removal of charges of desertion and other irregularities in the records of the soldiers of the Mexican war. The operation of this act was originally confined to three years.

Senator Peffer to-day introduced a resolution, which was passed, directing the Secretary of Agriculture to inform the Senate as to the amount of wheat supply, visible and invisible, the estimated crop of this year, the amount necessary for export and such other information as may be availa-

The Butler-Tillman Campaign. CHARLESTON, S. C., June 20 .- The Senatorial campaign has taken on a bitter tinge, the result of some insinuations by Governor Tillman that Senator Butler's supporters were carried free to the Yorkville meeting by the Richmond & Danville railroad, and that a corruption fund had been raised in New York. At to-day's meeting at Chester Senator Butler, turning towards the Governor, said: "I say in reply that if Governor Tilman or any one else makes that charge against me he is an infamous liar." Tillman made no reply,

Breckinridge May Speak to Tammany LEXINGTON, Ky., June 20.-Colonel Breckinridge's son Desha says his father has received and is considering an invitation to deliver the annual Fourth of July oration in Tammany Hall this year. He says several Chautauqua assemblies have invited the Ashland Congressman to deliver addresses.

and though there was no disturbance, mat-

ters were at a dangerously high pressure

for a few minutes.
